

HOW TO BOOK A BALLOON FLIGHT

1 Arrange the flight details with us

📞 **+48 882 626 919** ✉ **info@proballooning.com**

Where we fly:

We most often meet passengers south of Warsaw, near the towns of **Grojec, Gora Kalwaria, Bialobrzegi.**

When we fly:

We meet for a balloon flight at sunrise or sunset. Meeting times vary depending on the season:

🕒 Sunrise - **03:30-05:00** 🌙 Sunset - **17:00-18:00**

Why do we recommend flights at sunrise?

- ✓ More stable weather conditions
- ✓ The magical light of the rising sun reflecting in the morning dew
- ✓ The dissipating morning mists create incredible visual effects
- ✓ Increased activity of wild animals
- ✓ Greater weather predictability = lower risk of flight cancellation

Sacrifice sleep for breathtaking views!

2 Wait for confirmation

We confirm the weather conditions for the flight **1 day** before the flight between **2:00 PM and 4:00 PM**. At that time, you will receive information about the exact time and meeting place.*

* If the flight is canceled, we will schedule another date.

3 Flight day

- ✓ At the meeting point, we transfer to our vehicles and head to the launch site
- ✓ There we set up the balloon and undergo flight safety training
- ✓ After approximately a **1-hour** flight, we pack up the balloon and head to the meeting place
- ✓ After about **3-4 hours**, we return to the place where we met

How should I dress for the flight?

Comfortable outfit as if for a walk in the forest

Layered clothing (mornings can be chilly)

Full sports shoes or trekking shoes

Baseball cap and sunglasses

Contraindications for balloon flight

Pregnancy

Height below 110 cm

Weight over 120 kg

Diving 48 hours before the flight

Operations in the last 3 months

People with heart and respiratory conditions should consult their doctor
